

SHR AUTOPARTS

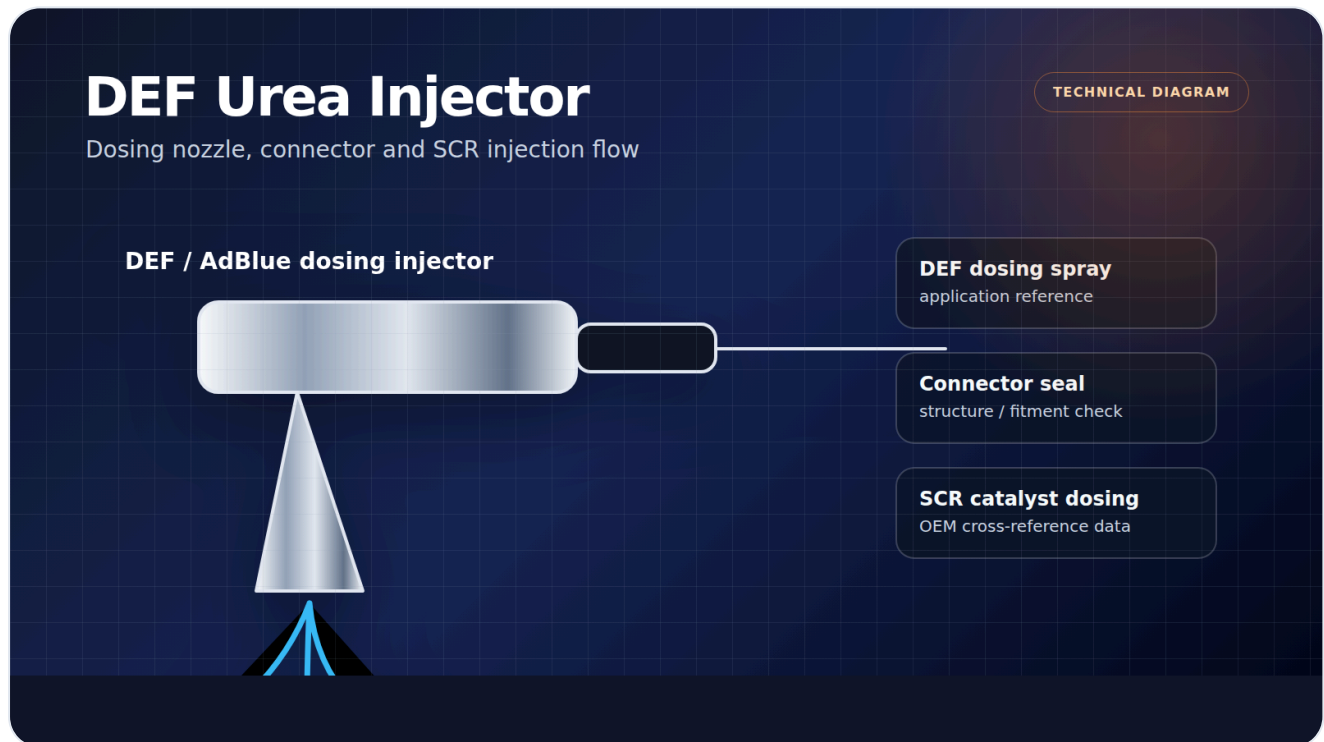

PRODUCT CATALOG

Automotive Sensors, NOx Sensors & Diesel Aftertreatment Components

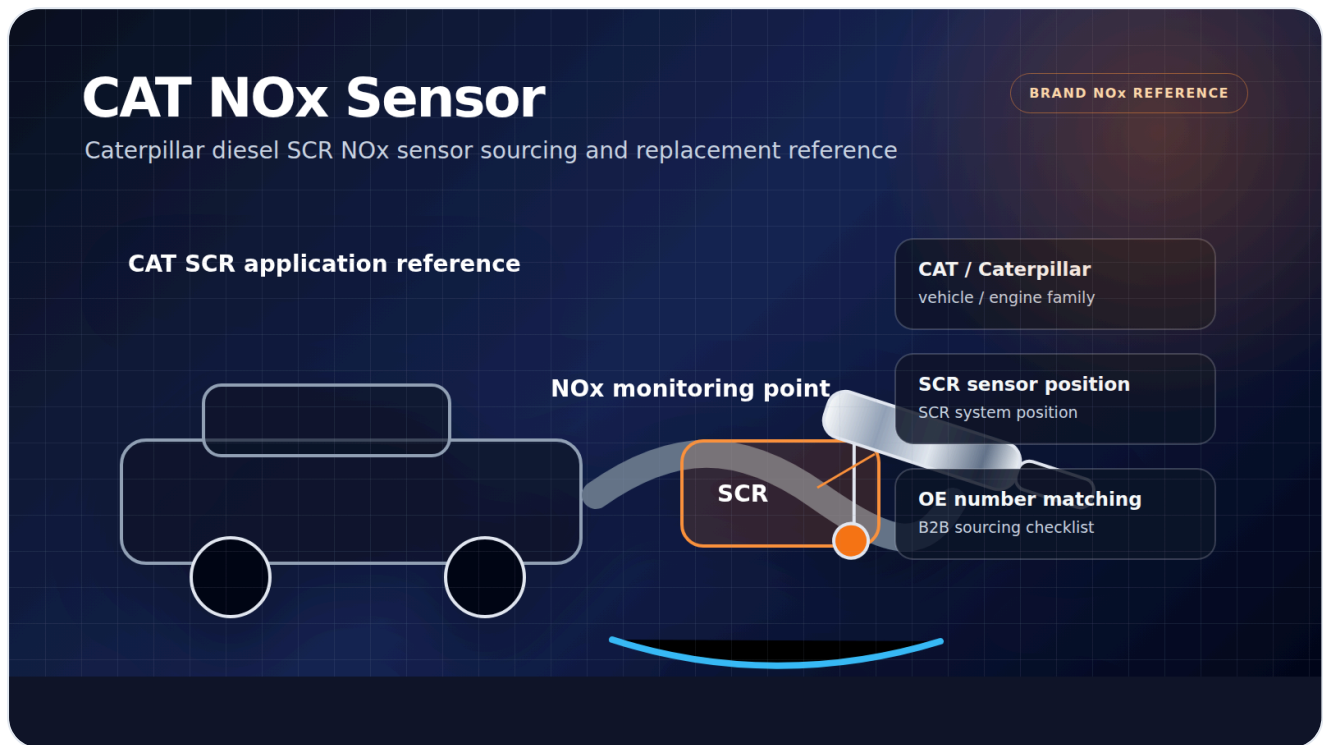

Downloadable product catalog for distributors, repair chains, fleet buyers and aftermarket importers.

Catalog Overview

- 01 NOx Sensor Program
- 02 DEF / AdBlue Components
- 03 Fuel & Fluid Sensors
- 04 Fuel Injectors
- 05 Temperature & Proximity Sensors
- 06 EV DC Relays
- 07 RFQ Checklist

NOx Sensor Program

SHR supplies replacement NOx sensors for SCR aftertreatment systems. The program covers heavy-duty trucks, diesel engines, construction equipment, agricultural machinery and selected passenger / light commercial applications.

- Mercedes-Benz
- Volvo
- Cummins
- DAF PACCAR
- Scania
- MAN
- IVECO
- Hino
- CAT
- Isuzu
- John Deere
- CNH
- Hyundai
- Ford
- JCB
- Kubota
- DEUTZ

Main Product Families

Family	Typical Products	Buyer Checks
NOx Sensors	Upstream / downstream SCR NOx sensors	OE number, connector, cable length, sensor position
DEF / AdBlue	DEF urea injector, AdBlue level sensor	Tank type, connector, dosing system, voltage
Fuel System	Fuel injector, fuel level sensor	Part number, nozzle / flange style, engine model
Temperature Sensors	Exhaust gas temperature sensors	Probe length, connector, thread, temperature range
Level / Proximity	Fluid level, capacitive level, ferrous proximity sensors	Medium, mounting, signal output, environment
EV DC Relays	High-voltage DC relay parts	Voltage, current, coil, contact configuration

Featured Sourcing Pages

NOx Sensor

/nox-sensor/

DEF Urea Injector

/def-urea-injector/

AdBlue Level Sensor

/adblue-level-sensor/

Fuel Injector

/fuel-injector/

DC Relay

/dc-relay/

Capacitive Level Sensors

/capacitive-level-monitoring-sensors/

RFQ Checklist

Send These Details

- OE number or existing part label
- Vehicle / engine model and year
- Connector and cable photos
- Quantity and delivery country
- Packaging or branding request
